We take pleasure in submitting this list of Bulbs, Seeds and Plants for your consideration. We have not tried to list every variety known in their respective classes, but have limited our selection to what we consider the very best; varieties that have proven by test to be everything that they are recommended to be.

It is our endeavor to supply only goods of the very highest quality, and our constantly increasing patronage is sufficient assurance that our efforts in this regard are being appreciated. We feel sure a trial order will convince any new customer of the excellence of our stock.

You may order from us with the assurance that your requirements will be handled by practical seedsmen or plantsmen; men who have spent a lifetime in horticulture and whose first interest is and always will be to take care of their patrons in a manner that is thoroughly satisfactory.

Correspondence on horticultural subjects is invited, and your patronage is respectfully solicited.

MULLER-SEALEY COMPANY, INC.

Business Terms: Prices quoted in this catalogue are net, 30 days. All goods are offered, subject to being unsold on receipt of order and we reserve the right to change prices, if current conditions require it.

All goods travel at purchaser's risk after they are in the hands of any common carrier.

Orders from unknown parties must be accompanied by cash or satisfactory references.

Claims must be made on receipt of goods, otherwise, they will not be considered.

Packing will be charged extra at cost.

NON-WARRANTY

While we take all possible care to send out only such goods that under proper conditions produce satisfactory results, we still give no warranty as to description, quality or productiveness of any seeds, bulbs or plants we send out and will not be in any way responsible for the crop. All orders for articles named in this catalogue will be executed on these conditions only.

PLACE YOUR ORDERS AS EARLY AS POSSIBLE.

TRIUMPH TULIPS

An entirely new type of Tulips, being a crossing between various "Single Early" varieties and "Darwins." They are outstanding, owing to their vigorous growth, tall, strong, straight stems, and exceptional blooming qualities. Triumph Tulips bloom one to two weeks ahead of the Darwins and their great substantiality makes them very valuable for outdoor planting. Indoors they can be forced into bloom much earlier and easier than any of the Darwin varieties.

FLOWERING PLANTS

For Winter Forcing

DELIVERY: OCTOBER-NOVEMBER

AZALEA INDICA

These highly decorative plants are now successfully raised in this country. They have a wide range of color and the flowers will keep from four to six weeks after being forced, provided they are not kept where the heat is too excessive. If on arrival the roots appear dry, soak them well in a pail of water. After being potted, place them in cool greenhouse. As the desired time for forcing is at hand, they should be transferred to a warmer house and in the process of forcing, the temperature should be increased to from 60-70 deg. until the flowers appear. As flowers develop, temperature should be reduced to give them more substance. Plants that are to flower in early Spring do not require this intense treatment. As some varieties are better adapted for early forcing, we are listing them in the order of flowering.

Bush Plants, \$5.00-\$10.00 each

LAWN SEED MIXTURES

M.-S. Co.'s Special Lawn Grass Mixture

Weight per measured bushel, 28 to 30 lbs.

This mixture is composed of the highest grade of re-cleaned seeds only, free from chaff and weeds. It is carefully blended and will produce a turf in six weeks that will retain its rich green color and velvety appearance throughout the entire Summer.

For new lawns we recommend sowing 100 lbs. to the acre. For renovating lawns use half of this quantity. 25 lbs. \$13.00, 100 lbs. \$50.00.

"SHADY PLACE" LAWN GRASS

This mixture is composed of grasses that are naturally adapted for growing under trees and shaded situations. 25 lbs. \$14.00, 100 lbs. \$55.00.

LAWN RESTORING GRASS MIXTURE

A mixture of grasses suited to take firm hold and grow quickly on hard, wornout or burned spots. 25 lbs. \$13.00, 100 lbs. \$50.00.

LAWN TENNIS GRASS MIXTURE

Composed of fine-leaved, deep rooting grasses that will produce a fine, close, elastic turf. 25 lbs. \$13.00, 100 lbs. \$50.00.

TERRACE GRASS MIXTURE

A mixture of deep rooting grasses suited for terraces and embankments that takes firm hold and withstands drought and exposure. 25 lbs. \$13.00, 100 lbs. \$50.00.

FAIR GREEN MIXTURE

Composed of dwarf spreading grasses forming a close, velvety surface that improves from year to year. 25 lbs. \$12.00, 100 lbs. \$45.00.

PUTTING GREEN MIXTURE

This mixture consists of most suitable grasses for insuring a close, dense turf, essential for putting greens. 25 lbs. \$18.00, 100 lbs. \$70.00.

SPECIAL MIXTURES FOR HAY AND PERMANENT PASTURE

These mixtures include the most nutritive and productive grasses suitable for laying down light, medium and heavy soils to permanent grass. State nature of soil when ordering. 25 lbs. \$10.50, 100 lbs. \$40.00.

Special Earthworm Powder

This powder is the most effective non-poisonous preparation manufactured for the destruction of worms in lawns, putting greens, etc. It should be distributed evenly over the surface when the ground is fairly moist, at the rate of not less than $\frac{1}{2}$ lb. per square yard. Directly afterwards, thoroughly wash the powder in with water, either by water can or hose pipe, and as soon as it reaches the worms they struggle to the surface and die. 112 lbs. \$6.00.
